

JSPL starts supplying HH rails to RVNL for Kolkata Metro project

PRESS TRUST OF INDIA New Delhi, August 13

JINDAL STEEL AND Power (JSPL) on Thursday said it has started supplying head hardened (HH) rail to Rail Vikas Nigam (RVNL) for the Kolkata Metro's Joka-Esplanade corridor.

HH rails are used in high-speed freight corridors and metro rail projects.

In a statement, JSPL said the company was selected by RVNL after a bidding process to supply 3,000 tonnes of HH rails for Kolkata metro rail tracks.

JSPL is the only player in India manufacturing HH rails; the firm's mill at its Raigarh plant can produce over 30,000 tonnes of such rails per month

It added that JSPL has started the supply of 1080 HH rails to RVNL for the completion of Kolkata Metro's Joka-Esplanade corridor in West Bengal. So far, it has supplied 1,300 tonnes of 1080-grade HH rails to RVNL, and the remaining 1,700 tonne rail will be made available within a week, the company said.

The company's MD, VR Sharma said, "We thank RVNL, Indian Railways, IRCON, and Research Design and Standard Organisation (RDSO) for extending their cooperation and trust in JSPL's quality."

JSPL is the only player in India manufacturing HH rails. The company's rail mill at its Raigarh plant has a capacity to produce over 30,000 tonnes of such rails per month.

After retiring as Thermax MD, Unnikrishnan to play bigger role in start-up ecosystem

MS Unnikrishnan retires as Thermax MD in August end

GEETA NAIR Pune, August 13

MS UNNIKRISHNAN — who is ready to hand over the reins of energy and environment company Thermax by the end of this month — is all set to begin playing a larger role in the start-up ecosystem. He has started with initial investment in Donatekart, a crowd-sourced donation platform.

Unnikrishnan said there are not many real technology-led start-ups and that's an area he would like to focus on. He has started working with Ascent Foundation set up by Marico founder Harsh Mariwala that helps mid-sized companies scale up and prepare them for growth.

The outgoing Thermax MD has already been advising start-ups. Mentees have rated him 5/5 for his mentorship, Thermax chairperson Meher Pudemjee said about Unnikrishnan.

He has also joined the boards of KEC and Kirloskar Brothers. Unnikrishnan began his career with Thermax after graduating in mechanical engineering from VNIT, Nagpur, in 1982. Taking over as the GM of the ailing waste management division in 1997, he turned around the business which was followed by a turnaround of the absorption cooling division, and thus began his rise in the company. He also led Thermax's foray into international markets by expanding the company footprint in Europe through acquisitions and greenfield projects in China and Indonesia. The company turnover grew from ₹2,200 crore to ₹6,200 in 12 years. Revenues from the international market grew from ₹440 crore to ₹2,600 crore.
